

**1000°F / 537°C: DeltaGlass™ Woven Fiberglass Tape: Premium Grade
Very High Temperature & Heat Resistant Plain Tape – EXTRA THICK**

Manufactured of texturized fiberglass yarns, this tape will withstand temperatures up to 1000°F / 537°C in continuous service. 100% asbestos free, this tape is a bright white color.

This tape offers superior insulating properties as well as low chloride content.

This is the thickest woven fiberglass tape available at 9/32" – 0.280" – 7.2mm thick.

1000°F / 537°C continuous rating, high insulation value & excellent personnel protection

Very High Temperature & Heat Resistant Fiberglass Woven Plain Tape – EXTRA THICK - Premium Grade
