

PipeSeal™ Silicone Rubber Self Fusing Compression & Stretch Leak Sealing Tape

Self-Binding Self-Fusing Tape

Superior method of making drain pipe repairs and septic tank inlet pipe leak repair

- Makes a watertight seal that prevents leaks on drain pipe defects.
- Wide temperature range from -50 to +500F
- Makes Septic Tank Pipe Leak repair quick and easy.
- One roll will wrap ten 4" pipe connections.
- Saves time and money by preventing the need to disassemble pipe assembly.
- Widely used on Septic Tank Inlet Pipe joints and elbows. Many older septic installations did not originally glue the pipes, allowing seepage of the septic liquid into the ground and in contact with basement walls and floor slabs – resulting in a sewer gas smell in the home.

LeakSeal™ Drain Pipe Leak Repair Tape			
Part Number	Tape Width Inches / mm	Tape Thickness	Price Per Roll
